

ZOMBIE VALUES

Zombie Walk has always been a free, family friendly event. It also strives to be a good neighbor, one that leaves the event footprint better than it found it and has an overwhelmingly positive impact on the community.

HELPING THE LESS FORTUNATE

Who says zombies aren't charitable? In honor of this being the 7th Zombie Walk to be held in Downtown Phoenix we're attempting to collect 7 tons of food and cash donations benefiting St. Mary's Food Bank. We've never made you buy a ticket to take part in Zombie Walk but we hope you'll bring non-perishable food items or cash to help those in need.

ARRIVE IN SUSTAINABLE FASHION

You can limp and shuffle your way to Zombie Walk 7, or you can ride your bike, take the bus, ride light rail, carpool, pedicab, Uber... however you choose, so long as it's sustainable and safe!

REDUCING, REUSING AND RECYCLING

Zombie Walk aims to divert waste by offering composting and recycling options. To reduce the use of plastic bottles and cups we're using reusable water and beer cups. Staying hydrated while also being green is the very definition of "win-win."

Bring \$5 or 5 non-perishable food items to the Goodwill Arizona Zombification Zone and pick up a bag of used clothing to rip, tear and mangle. You can also get your hair and makeup done. After all, zombies have to look their best.
